SUMMARY

A strong foundation in computer science has been established, accompanied by practical experience in programming and data analysis. Enthusiasm for utilizing technical skills in collaborative environments is evident through project work and internship experience. A keen interest in applying knowledge to real-world challenges is driven by a commitment to continuous learning and improvement, fostering innovation and growth within a dynamic team setting.

EDUCATION

Bachelor of Computer Science
Annai Vailankanni Arts and Science College
📅 08/2022 - 05/2025 📍 Bharathidhasan University

HSC
Rajah's Higher Secondary School
📅 05/2021 - 05/2022 📍 Thanjavur

SSLC
Rajah's Higher Secondary School
📅 05/2019 - 05/2020 📍 Thanjavur

SOFT SKILLS

Communication

Leadership

Teamwork

Reasoning

Team Management

LANGUAGES

Tamil   **English**

SKILLS

Programming Languages

Java   Python

Web Technologies

Html   CSS

PROJECTS

Sentimental Analysis of Twitter Data

Sentimental Analysis of Twitter Data uses Multinomial Naive Bayes classification to determine tweet sentiments (positive, negative, or neutral). The analysis can be applied to social media monitoring and market research

- Implemented Multinomial Naive Bayes classification for sentiment analysis
- Trained the model on labeled data for accurate sentiment detection
- Evaluated model performance using accuracy and F1-score metrics
- Provided insights into public opinion for social media monitoring

WORK EXPERIENCE

Internship
CSC CENTER
📅 2024 📍 Thanjavur

A Computer Services Center (CSC) offers IT solutions such as programming support, computer training, internet services, and digital tools for individuals and businesses

- Worked for 2 months at a Computer Services Center, using Python to assist with automation, data handling, and basic software development tasks.
